## HEALTH AND SAFETY POLICY

### Part 1 - General Statement of Policy

This document is the Health and Safety Policy of Kettleburgh Village Hall.

Our policy is to:

- a) Provide healthy and safe working conditions, equipment and systems of work for Management Committee members, hirers, users and other visitors.
- b) Keep the Village Hall and equipment in a safe condition for all users.
- c) Provide such advice and information as is necessary for Management Committee members, hirers, users and other visitors.

It is the intention of Kettleburgh Village Hall Management Committee to comply with all relevant Health and Safety legislation and to act positively where it can reasonably do so to prevent injury, ill health or any danger arising from its activities and operations.

Kettleburgh Village Hall Management Committee considers the promotion of the health and safety of those who use its premises, including contractors who may work there, to be of great importance. The Management Committee recognises that the effective prevention of accidents depends as much on a committed attitude of mind to safety as on the operation and maintenance of equipment and safe systems of work.

To this end, the Committee will encourage its members, hirers, users and other visitors to engage in the establishment and observance of safe working and other practices.

Hirers, users and other visitors will be expected to recognise that there is a duty on them to comply with the practices set out by the Committee, with all safety requirements set out in the Hiring Agreement and with safety notices on the premises and to accept responsibility to do everything they can to prevent injury to themselves or others.

*Diane Smith*, Chairman (On behalf of the Management Committee) April 2021

## Part 2: Organisation of Health and Safety

The Kettleburgh Village Hall Management Committee has overall responsibility for health and safety at Kettleburgh Village Hall and takes day to day responsibility for the implementation of this policy.

It is the duty of all hirers, users and other visitors to take care of themselves and others who may be affected by their activities and to co-operate with the Management Committee in keeping the premises safe and healthy.

It is the responsibility of hirers to ensure that adequate safeguards are in place to protect the well-being of the disabled, children and vulnerable adults.

Should anyone using the hall come across a fault, damage or other situation which might cause injury and cannot be rectified immediately they should inform the Chairman or the Bookings Secretary, as soon as possible so that the problem can be dealt with.

Where equipment is damaged or otherwise faulty a notice should be placed on it warning that it is not to be used and the Chairman or the Bookings Secretary informed as soon as possible.

The following persons have responsibility for specific items:

### KETTLEBURGH VILLAGE HALL FIRE RISK ASSESSMENT

Date of new format 22 September 2009 Reviewed 23/1/2020 J Brooke

#### 1. Identification of fire hazards

The potential fire hazards noted were

*The electric hob unit, oven & hot cupboard in the kitchen, are of a typical domestic type, and which therefore only presents a very low risk of causing a fire.*

#### 2. Identification of people especially at risk from fire

New users to the hall who may not be familiar with the Hall layout.

#### 3. Evaluation

- The Hall is a non smoking area and notices are in place to that effect.
- All loose rubbish from the kitchen and all other areas of the Hall is removed at the end of the hire period.
- High risk combustible materials are not kept in the Hall.
- Hirers are asked in conditions of hire not to use naked flames.
- The risk of a fire starting is considered to be low.
- The Hall is well served with fire extinguishers and fire exits together with instructions as to sounding the internal fire alarm system and, at the time of the assessment, were all inspected and tested (where appropriate) and all found to be satisfactory. A plan of the Hall, showing positions of fire exits, fire extinguishers and fire alarm points, is on display in the Hall together with instructions as to action to be taken in the event of a fire.

#### 4. Recording and Reviewing

This Fire Risk Assessment to be reviewed every year at a meeting of the Village Hall Management Committee each year and amended if necessary
